02<sup>th</sup> Jun 2022

Dear Mr Lionel,

We are grateful to have Websentials on board to work on our first E-commerce Development. They have been nothing but supportive in the implementation of newly upgraded features. Having used the website for almost a year, we are satisfied with their consistent support and efficiency in handling website bug fixes. Thank you Websentials for the job well done!

Sincerely,

Thank you,

Benjamin Wee
